NA body visits PARC olive farms in Nowshera

ISLAMABAD: The National Assembly's Standing Committee on National Food Security and Research has paid a visit to Salahuddin Olive Farms in district Nowshera, Khyber Pakhtunkhwa (KP), to witness the plantation of olive by Pakistan Agricultural Research Council (PARC).

The committee meeting was also held at the site under the chairmanship of MNA Malik Shakir Bashir Awan, said a statement received on Friday. The parliamentary committee, after witnessing the good production of olive plantation at Salahuddin farms, appreciated the efforts of PARC for promotion of olive cultivation in Khyber Pakhtunkhwa.

On the occasion, Progressive Farmer Salahuddin Khan gave a briefing on the working of his farm and informed that he has planted over 12,000 to 13,000 olive plants with a combination of lemon on 50 acres of land. He said the olive cultivation

is irrigated with solar base drip irrigation system. Most of the plants are up to three years of age and some of them are giving fruits, he added.

He also informed the NA body about the cost for development of his farm, especially the establishment of solar system and drip irrigation system.

He appreciated the efforts of PARC and National Agricultural Research Centre (NARC) for supply of various varieties of olive plants to him. He requested the parliamentary committee and National Food Security and Research minister to give incentives to olive cultivators and play due role in promotion of solar technology in the area. PARC Chairman Dr Yusuf Zafar highlighted the history of olive, how it reached Swat, its value chain and oil extraction. He said that there is great potential for olive cultivation in KP.

NARC Director General Dr Azeem Khan said PARC is utilising marginal land, remote and poor areas for cultivation

of olive in the country.

Responding to a query, he said PARC is also promoting olive in Sindh and Umerkot by experimenting with different varieties, which would be recommended for cultivation in the province.

PARC National Project Director (Olive) Dr Khalid Mahmood Qureshi highlighted olive project activities and achievements, whereas KP Project Incharge (Olive) Dr Abdul Samad gave a detailed briefing to the committee members about olive project activities in KP. He said that PARC has provided all olive plants to Salahuddin under Pakistan Italy Debt-for-Development Swap Agreement (PIDSA) project titled 'Promotion of Olive Cultivation for Economic Development and Poverty Alleviation'.

He said his team had raised awareness among the farming communities of KP through workshops, field days and visits to cultivate olive on marginal and stony land.

Later, the committee members and PARC scientists visited olive farm field area and witnessed the fruits on corotina and uslu olive varieties.

NFSR Minister Sikandar Hayat Khan Bosan and NA Standing Committee Chairman Malik Shakir Bashir Awan on the occasion gave an interview to media, saying that they were pleased to see the progress of olive plantation at Salahuddin Farm.

They appreciated the efforts of Salahuddin, saying that his farm is a model for other farmers, who should benefit from his experience. The minister also highlighted the Morocco model of olive for sharing experience in future.

The parliamentary committee members and officials who visited the olive farm included Dr Fouzia Hameed, Parveen Masood Bhatti, Khalid Mansoor, Shahnaz Saleem, Chaudhary Nazeer Ahmad, Faquir Sher Muhammad Bilanani, Ifukhar Nazir and Syed Essa Noori. APP
